

This year Giving Tuesday is November 28, 2023. The entire world comes together to give back in many ways. Although it isn't Giving Tuesday yet, you can have a huge impact by donating your Giving Tuesday gift early this year.

Concerts for Causes Inc. is participating, and we are humbly asking for your support. Your gift will provide musical instruments to deserving students in our community.

This year, we have given out three hundred instruments. We are so grateful for the role you have played in pushing our mission forward.

Did you know that playing an instrument and math are intertwined. According to the internet article "10 Benefits of Children Learning a Musical Instrument" understanding beats, rhythm and scales, children are learning how to divide, create fractions and recognize patterns.

Lynn Kleiner, founder of Music Rhapsody states, "It seems that music wires a child's brain to help him better understand other areas of math."

If we all came together to support Concerts for Causes Inc.? Music education will help our students thrive academically, emotionally, and mentally.

Will you donate TODAY?
